MORDECAI BROWN QUILTS BASEBALL GAME FOR GOOD

St. Louis, Aug. 25.—Mordecai Brown, deposed manager of the St. Louis Federals, has quit baseball, according to information given out today by an official of the St. Louis Federals.

Brown, it is said, feels the St. Louis club has not arranged a satisfactory transfer for him and that his days as a big league pitcher are numbered.

JULY FOREIGN TRADE SLIGHT INCREASE OVER YEAR AGO

Washington, Aug. 25.—Foreign trade of the United States in July amounted to \$314,268,358, a decrease of \$241,136 from June and an increase of \$16,947 over July last year, the Department of commerce announced today.

July imports were \$160,178,632, an increase of \$2,648,632 over June; exports were \$154,082,225, a decrease of \$2,985,519 from June. There was an excess of \$6,995,998 in imports over exports.

HOUSE TO SUSPEND PAY OF ABSENT MEMBERS

Washington, Aug. 25.—On motion of Democratic Leader Underwood, the house voted today to deduct from the pay of members for all time they are absent except in case of illness. All leaves were cancelled. For days the house has been forced to suspend business at times for lack of a quorum.

Berzon's handling of throws to second base is wonderful. Clarke is throwing poorly, often hitting the ground in front of the bag with the ball, and gets him man. He is pretty nearly in Hana Wagner's class when it comes to getting inaccurate hits and putting the ball on the runner quickly.

The Feds, from all that we can learn, are now proceeding about the business of grabbing off the star players of the minors. They snared La-Hue Kirby, one of the best clubbers in the Southern league, a few days ago, and are said to have their line laid for the capture of at least a dozen more of the best looking minor leaguers.

It is a comparatively easy matter for the Feds to get the star minor leaguers, because they deal directly with the player and give him the purchase price, instead of the purchase price going to the minor league club that owns him.

It will go up, but Bread is one of the vital necessities and remains in reach of all, in spite of higher prices. But it is quality that counts in Bread—sustenance, the nourishing property in the loaf. Our Bread is known to be the most economical, for the very reason that it goes farther than either breads and gives more "filling" satisfaction to those eating it.
